Ursula Parks, Acting Director Legislative Budget Board P.O. Box 12666 Austin, TX 78711-2666

Subject: Fiscal Year 2012 June Monthly Financial Report

Dear Ms. Parks:

The following is a narrative summary of budget adjustments processed during June 2012, as well as, budget variances and other key budget issues at this time.

BUDGET ADJUSTMENTS

In total, the Department of Aging and Disability Services (DADS) fiscal year 2012 Operating budget is \$6,255.7 million in All Funds (\$2,584.3) million in General Revenue/General Revenue Dedicated Funds), which is \$37.1 million in All Funds above the fiscal year 2012 appropriation of \$6,218.5 million in All Funds, as stated in the Eighty-second Legislature, Conference Committee, Stage 12, 2012-13 Biennium, dated May 22, 2011. For fiscal year 2012, the adjustments are related to four significant initiatives that affected DADS' operating budget:

- The carry-forward of the unexpended balance authority for the Service Authorization System/Client Assignment and Registration System (SAS/CARE) Consolidation Project. Pursuant to Rider 42, House Bill 1, 82nd Legislature, 2012-13 General Appropriations Act (GAA), DADS submitted a letter dated October 3, 2011, requesting approval to carry forward the unexpended balance of the SAS/CARE Consolidation Project (\$6.6 million in All Funds and \$0.7 million in General Revenue Funds). The letter was approved by the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP), and the fiscal year 2012 Operating Budget reflects the adjustment.
- The transfer of funds from the Health and Human Services Commission (HHSC) to DADS for Enterprise Support Services pursuant to Article II, Special Provisions, Section 10-Limitations on Transfer Authority, House Bill 1, 82nd Legislature, 2012-13 General Appropriations Act (GAA) for the HHS HR/Payroll System Upgrade project. HHSC submitted a letter dated September 13, 2011, requesting the transfer of funds to DADS, and the letter was approved by LBB and the GOBPP, and the fiscal year 2012 Operating Budget reflects the adjustment (\$2,536,149 in All Funds and \$1,094,348 in General Revenue Funds).
- The transfer of funds and FTEs from the Department of Assistive and Rehabilitative Services (DARS) to DADS pursuant to Article II, Special Provisions, Section 10-Limitations on Transfer

Ms. Ursula Parks August 8, 2012 Page 2

Authority, related to health and human services (HHS) media service for DADS' strategy C.1.1 Central Administration. DARS submitted a letter requesting the transfer of funds and FTEs to DADS, and the letter was approved by the LBB and the GOBPP on February 16, 2012. The fiscal year 2012 Operating Budget reflects the adjustment (\$35,963 in both All Funds and in General Revenue Funds and 5.0 FTEs).

 A federal increase which related to aligning Federal Funds with available General Revenue Funds.

BUDGET VARIANCES

As of June 30, 2012, DADS is projecting a fiscal year 2012 deficit of \$280.3 million in All Funds (\$113.0 million in General Revenue). Projected expenditures for Medicaid entitlement client services are based upon caseload forecasts prepared by HHSC in April 2012 and payment data through March 2012.

As a result of the updated forecast, there is a significant change from September's annual projections to April's annual projections. The key differences are:

- Current projections assume a cost trend growth in strategies A.2.1 Primary Home Care (PHC);
 A.2.2 Community Attendant Services (CAS); A.2.3 Day Activity and Health Services (DAHS);
 A.3.1 Community Based Alternatives (CBA); A.3.2 Home and Community Based Services (HCS); and A.6.1 Nursing Facility (NF), based upon expenditure data collected through April 2012. The September 2011 estimate only assumed cost growth for NFs.
- For CBA, since no additional slots were funded, a higher proportion of slots are being used by children aging out of the Medically Dependent Children Program (MDCP) waiver as well as the Comprehensive Care program. This population has higher costs than the average CBA population. For HCS, all of the new slots as well as the vast majority of replacement slots are being filled by individuals relocating out of ICFs or SSLCs. The larger portion of these individuals goes into residential settings, which are the higher cost settings.
- The waiver slots for Deaf-Blind Multiple Disabilities (DBMD) have been increased by eight above appropriated in order to meet ARRA/ACA maintenance-of-effort requirements. The number of individuals served in Community Living Assistance & Support (CLASS) is projected to exceed the appropriated level. The appropriated level was based upon the number of individuals being served in February 2011; however, for CLASS there were many individuals "still in the pipeline" in February 2011.
- As a result of the STAR+PLUS expansion, effective March 1, 2012, the amount of expenditures for the remainder of fiscal year 2012 for A.2.1 Primary Home Care; A.2.3 Day Activity and Health Services; A.3.1 Community Based Alternatives; and A.6.4 Promoting Independence

Ms. Ursula Parks August 8, 2012 Page 3

Services strategies, will be significantly reduced as compared to what was experienced in the first portion of the year.

• In accordance with Attachment 4.19-D, ICF/MR, Section (X)(A)(2)(b) of the Medicaid State Plan, "a settlement is determined for each state-operated facility on a facility by facility basis based on cost reports for the rate period as audited by the Health and Human Services Commission (HHSC) if there is a difference the allowable costs from the audited cost reports and the reimbursement due under the interim payment rate, including adjustments for applied income for the state fiscal year." For fiscal year 2011, the final amount allowable Medicaid expenses requiring settlement is \$76,123,208 in All Funds (\$51,249,950 in Federal Revenue). HHSC has authorized DADS to process the final settlement and draw the federal share, as stated above, which will be deposited in fiscal year 2012.

VARIANCES DETAILED BY STRATEGIES

- Strategy A.2.1, Primary Home Care This strategy is now projected to have a positive variance of \$2.4 million in All Funds which includes \$1.0 million in General Revenue Funds. The variance relates to a decrease in the number of individuals served per month from 31,240, as found in HB 1, to the current forecast of 30,126, a difference of 1,114. This is partially offset by an increase in the average monthly cost per individual served from \$830.90 to the current forecast of \$851.02, a difference of \$20.12.
- Strategy A.2.2, Community Attendant Services This strategy is now projected to have a negative variance of \$5.0 million in All Funds which includes \$2.1 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$834.21 per month, as found in HB 1, to the current forecast of \$875.83, a difference of \$41.62. This is partially offset by a decrease in the average number of individuals served per month from 48,617 to the current forecast of 46,740, a difference of 1,877.
- Strategy A.2.3, Day Activity and Health Services This strategy is now projected to have a negative variance of \$1.7 million in All Funds which includes \$0.7 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$526.50 per month, as found in HB 1, to the current forecast of \$533.88, a difference of \$7.38. This is partially offset by the a decrease in the average number of individuals served per month from 9,716 to the current forecast of 9,806, a difference of 90.
- Strategy A.3.1, Community Based Alternatives This strategy is projected to have a negative variance of \$26.2 million in All Funds which includes \$10.9 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$1,320.19 per month as found in HB 1, to the current forecast of \$1,479.05, a difference of \$158.86. This is partially offset by a decrease in average number of individuals served per month from 14,616 to 14,441, a difference of 175.

- Strategy A.3.2, Home and Community Based Services This strategy is projected to have a negative variance of \$16.9 million in All Funds which includes \$6.0 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$3,280.22 as found in HB 1, to the current forecast of \$3,423.61, a difference of \$143.39. The average monthly number of consumers served decreased from 20,123 to 19,860, a difference of 263, all of whom are a result of the transfer of individuals from the expired Consolidated Waiver Program.
- Strategy A.3.3, Community Living Assistance Support Services This strategy is projected to have a negative variance of \$17.0 million in All Funds which includes \$7.1 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$3,232.17 as found in HB 1, to the current forecast of \$3,503.09, a difference of \$270.92. The average monthly number of individuals served increased from 4,619 to 4,664, a difference of 45, 24 of whom are a result of the transfer of individuals from the expired Consolidated Waiver Program.
- Strategy A.3.6, Consolidated Waiver Program This strategy is projected to have a positive variance of \$2.8 million in All Funds which includes \$1.2 million in General Revenue Funds. The variance relates to the fact that the program was eliminated December 31, 2011 and the expenditures and projections for January through August for FY 2012 were moved to the associated strategies. Because the budget cannot be moved until LBB and GOBPP approval is received, there is an artificial variance.
- Strategy A.3.7, Texas Home Living Waiver This strategy is projected to have a positive variance of \$5.7 million in All Funds which includes \$2.4 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$652.25 as found in HB 1, to the current forecast of \$778.18, a difference of \$125.93. The average monthly number of individuals served decreased from 5,738 to 4,200, a difference of 1,538.
- Strategy A.5.1, Program of All-Inclusive Care for the Elderly (PACE) This strategy is now projected to have a positive variance of \$1.8 million in All Funds, which includes \$0.8 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which increased from \$2867.08 per month as found in HB 1, to the current forecast of \$2873.90, a difference of \$6.82. This is partially offset by a decrease in the average number of individuals served per month from 1,091 to 1,036, a difference of 55.
- Strategy A.6.1, Nursing Facility Payments This strategy is projected to have a negative variance of \$227.2 million in All Funds which includes \$93.8 million in General Revenue Funds. The variance relates to the net nursing facility cost per Medicaid resident per month served which increased from \$2,981.92 per month as found in HB 1, to the current forecast of \$3,226.68, a difference of \$244.76. The average number of individuals served per month increased from 56,213 to 56,964, a difference of 751.

- Strategy A.6.2, Medicare Skilled Nursing Facility This strategy is projected to have a positive variance of \$16.0 million in All Funds which includes \$6.6 million in General Revenue Funds. The variance relates to the net payment per individual for co-paid Medicaid/Medicare nursing facility services per month which decreased from \$2,055.93 per month as found in HB 1, to the current forecast of \$2,036.12, a difference of \$19.81. The average number of individuals served per month decreased from 6,767 to 6,183, a difference of 584.
- Strategy A.6.3, Hospice This strategy is projected to have a negative variance of \$2.1 million in All Funds which includes \$0.9 million in General Revenue Funds. The variance relates to the average net payment for individuals serviced per month which increased from \$2,739.58 per month as found in HB 1, to the current forecast of \$2,832.55, a difference of \$92.97. The average number of individuals served per month decreased from 7,039 to 6,874, a difference of 165.
- Strategy A.6.4, Promoting Independence Services This strategy is projected to have a positive variance of \$9.9 million in All Funds which includes \$4.6 million in General Revenue Funds. The variance relates to the average monthly cost per individual served which decreased from \$1,487.75 per month as found in HB 1, to the current forecast of \$1,494.33, a difference of \$6.58. The average number of individuals served per month decreased from 6,318 to 5,804, a difference of 514.
- Strategy A.7.1, Intermediate Care Facilities (ICFs) This strategy is projected to have a negative variance of \$4.7 million in All Funds which includes \$1.9 million in General Revenue Funds. The variance relates to the monthly cost per ICF Medicaid eligible consumer served which decreased from \$4,360.27 per month as found in HB 1, to the current forecast of \$4,385.58, a difference of \$25.31. The average number of individuals served per month increased from 5,602 to 5,620, a difference of 18.
- Strategy A.8.1, State Supported Living Centers This strategy is projected to have a negative variance of \$18.0 million in All Funds which includes \$6.2 million in General Revenue Funds. The average monthly cost per ID campus resident served decreased from \$14,107.11 per month as found in HB 1 to the current forecast of \$13,889.58, a difference of \$217.53. The average monthly number of residents served per month increased from 3,831 to 3,891, a difference of 60.

OTHER KEY BUDGET ISSUES

The following items have not been included in the current forecast, but may impact future projections:

 As already noted in the September MFR, for fiscal year 2013, the DADS' Medicaid Entitlement programs were funded at approximately 41 percent of the anticipated demand, including State Supported Living Centers (31 percent without SSLC included). The biennial budget deficit is now projected to be \$2.8 billion in All Funds which includes \$1.1 billion in General Revenue Funds. This current estimated shortfall does not include the amount which is the result of the more favorable FMAP rate for fiscal year 2013, based on current House Bill 1 appropriations. HHSC has sent a letter to LBB on behalf of DADS to request the use of the General Revenue resulting from the 2013 more favorable FMAP.

TRANSACTIONS SUBMITTED TO AND AWAITING LBB/GOBPP APPROVAL AS OF JUNE 30, 2012:

- The budget transfer authority relating to the elimination of the Consolidated Waiver Program (Rider 35-Elimination of Consolidated Waiver Programs, Rider 9-Limitation: Medicaid Transfer Authority and Rider 34.-Limits for Waivers and Other Programs).
- Request for Capital authority for three additional IT projects, funded 100% with federal funds.
 - 1. Data Mart and Relocation Contractor Data System
 - 2. Technology Enhancements to the Abuse, Neglect and Exploitation (ANE) Database
 - 3. Development and Maintenance of a Contract Monitoring Tool
- The transfer authority between strategies in fiscal year 2012 to offset deficit in client service within the existing appropriations (Rider 9-Limitation: Medicaid Transfer Authority and Rider 34-Limits for Waivers and Other Programs) estimated at \$31.6 million in All Funds (\$13.6 million in General Revenue Funds), for Strategies A.2.1 Primary Home Care (PHC); A.3.5 Medically Dependent Children Program (MDCP); A.6.2 Medicare Skilled Nursing Facility; A.6.3 Hospice; and A.6.4 Promoting Independence Services.

As a result of the recent A.8.1 State Supported Living Centers (SSLC) cost settlement for fiscal year 2011, DADS will be receiving approximately \$51.2 million of Earned Federal Funds (EFF), which will be deposited in fiscal year 2012. Pursuant to Article IX, Section 6.22 - Definition, Appropriation, Reporting and Audit of Earned Federal Funds (EFF), DADS will be required to apply approximately \$2.7 million of the cost settlement, towards the remaining EFF balance, leaving \$48.5 million. In accordance with Article IX, DADS will submit a plan 30 days prior to the expense of these funds, to the LBB/GOBPP, and the Comptroller of Public Accounts. This correspondence serves as notification of such intent to expend all funds above the EFF appropriation, not to exceed \$48.5 million. Due to the recent gas leak in Austin State Supported Living Center, approximately \$5.0 million in General Revenue will be needed to fund repair cost, leaving a balance of \$43.5 million in General Revenue to cover budget shortfalls throughout the Agency's client service programs, in addition to SSLC. In order to expend those funds, DADS will be required to submit approval and notification letter pursuant to Article IX, Section 6.22 -Definition, Appropriation, Reporting and Audit of Earned Federal Funds, Rider 9 - Medicaid Transfer Authority, Rider 15 - Limitations on SSLC Strategy Transfers (5%), and Article IX, Section 8.02 – Federal Funds adjustment (\$10 million limit).

 DADS will be requesting authority to expend an amount not to exceed \$10.8 million of the Quality Assurance Account (QAF) to fund the current estimated fiscal year 2012 demand. DADS will be notifying the Legislative Budget Board (LBB) and Governor's Office of Budget, Planning, and Policy (GOBPP) with a plan of how the funds will be expended.
