Subject: Fiscal Year 2015 March Monthly Financial Report

Dear Ms. Parks and Ms. Belew:

The following is a narrative summary of budget adjustments processed as of March 2015, as well as year-to-date expenditure data, annual projections, budget variances, and other key budget issues at this time. Also included are monthly expenditure reports for the Money Follows the Person (MFP) program and the Balancing Incentive Program (BIP), as required by the 2014-15 General Appropriations Act (GAA) (Senate Bill 1, 83<sup>rd</sup> Legislature, Regular Session, 2013), Article II, Special Provisions Relating to all Health and Human Services Agencies, Sections 45 and 46 respectively. This letter also serves as certification that the information provided in the attached reports is true and correct, based on available documentation.

### **Budget Adjustments**

In total, the Department of Aging and Disability Services (DADS) fiscal year 2015 Operating Budget is \$5,377.93 million in All Funds (\$2,122.19 million in General Revenue/General Revenue Dedicated Funds). Appropriations for fiscal year 2015 total \$7,264.2 million in All Funds (\$2,936.7 million in General Revenue/General Revenue Dedicated Funds), as stated in the 2014-15 GAA (Fiscal Size-Up). The 2014-15 GAA Fiscal Size-Up reflects budget adjustments related to contingency legislation and carry-forwards authorized by the legislature.

For fiscal year 2015, the most significant budget adjustments affecting DADS operating budget are as follows:

1. An expected fiscal year 2015 lapse of \$65.1 million in General Revenue (GR) Funds. This lapse is expected to be transferred to the Health and Human Services Commission (HHSC) to address their fiscal year 2015 shortfall.

2. The transfer of \$2.0 million in GR Funds, along with a reduction of 100 Full-Time Equivalents (FTEs), in fiscal year 2015 to HHSC in response to the continued growth of the STAR+PLUS program statewide.
3. The transfer of \$0.5 million in GR Funds, along with a transfer of 27 STAR+PLUS support workers, to HHSC in fiscal year 2015 to align with rising STAR+PLUS requirements at HHSC.
4. The transfer of 92 STAR+PLUS support FTEs, along with \$1.7 million in GR Funds, to HHSC. This action was approved by the Legislative Budget Board (LBB) and the Governor's office in fiscal year 2014.
5. The transfer of \$108.0 million in GR Funds to HHSC as part of STAR+PLUS expansion in fiscal year 2015.
6. The transfer of \$98.8 million in GR Funds to HHSC related to the movement of Habilitation Services, Strategy A.2.4, to that agency in fiscal year 2015.
7. The transfer of \$508.6 million in GR Funds to HHSC to allow for the movement of nursing facility and Medicare Skilled Nursing Facility services to HHSC in fiscal year 2015.

<b>Budget Variances</b>
-------------------------

As of March 31, 2015, DADS is estimating a fiscal year 2015 shortfall of \$17.1 million in All Funds (\$12.5 million in GR Funds). This amount includes the assumed \$65 million in GR Funds to be transferred to HHSC in 2015 for Medicaid shortfall purposes. For this month's report, the estimates are based upon April 2015 caseload and cost projections, plus estimated outstanding payables and encumbrances.

The April 2015 caseload forecasts assume that significantly more individuals in nursing facilities will be paid at DADS under a fee-for-service arrangement rather than paid through HHSC managed care, compared to previous projections.

- **Strategy A.2.1, Primary Home Care** – This strategy is projected to have a negative variance of \$0.67 million in All Funds, which includes a positive variance of \$0.03 million in GR Funds.
- **Strategy A.2.2, Community Attendant Services** – This strategy is projected to have a negative variance of \$16.46 million in All Funds, which includes \$6.57 million in GR Funds.
- **Strategy A.2.3, Day Activity and Health Services** - This strategy is projected to have a negative variance of \$0.75 million in All Funds, which includes \$0.16 million in GR Funds.
- **Strategy A.3.2, Home and Community Based Services** – This strategy is projected to have a positive variance of \$25.65 million in All Funds, which includes \$9.26 million in GR Funds.
- **Strategy A.3.3, Community Living Assistance and Support Services** – This strategy is projected to have a negative variance of \$0.3 million in All Funds, which includes \$1.61 million in GR Funds.

- **Strategy A.3.4, Deaf-Blind Multiple Disabilities** – This strategy is projected to have a positive variance of \$1.15 million in All Funds, which includes \$0.43 million in GR Funds.
- **Strategy A.3.5, Medically Dependent Children Program** – This strategy is projected to have a positive variance of \$4.52 million in All Funds, which includes \$0.77 million in GR Funds.
- **Strategy A.3.6, Texas Home Living Waiver** - This strategy is projected to have a positive variance of \$19.17 million in All Funds, which includes \$7.43 million in GR Funds.
- **Strategy A.5.1, Program of All-Inclusive Care for the Elderly** - This strategy is projected to have a negative variance of \$3.21 million in All Funds, which includes \$1.28 million in GR Funds.
- **Strategy A.6.1, Nursing Facility Payments** - This strategy is projected to have a negative variance of \$55.2 million in All Funds, which includes \$22.91 million in GR Funds.
- **Strategy A.6.2, Medicare Skilled Nursing Facility** - This strategy is projected to have a negative variance of \$4.76 million in All Funds, which includes \$2.0 million in GR Funds.
- **Strategy A.6.3, Hospice** – This strategy is projected to have a positive variance of \$1.16 million in All Funds, which includes \$0.49 million in GR Funds.
- **Strategy A.6.4, Promoting Independence (PI) Services** – This strategy is projected to have a positive variance of \$10.07 million in All Funds, which includes \$2.55 million in GR Funds.
- **Strategy A.7.1, Intermediate Care Facilities – Intellectual Disability (ICF/IID)** - This strategy is projected to have a negative variance of \$2.49 million in All Funds, which includes \$1.04 million in GR Funds.

<p style="text-align: center;"><b>Pending Agency Requests for Expenditure Authority</b></p>
---

DADS has two requests for budget authority pending approval by the LBB and Governor's office. They are as follows:

- In a letter dated November 19, 2014, DADS requested additional 2015 capital budget authority under the 2014-15 GAA, Article IX, Section 1403(b), in order to renew its annual Microsoft Enterprise Subscription Agreement (ESA). While HHSC negotiates and develops the agreement for each year, individual agencies are responsible for their own payment. In total, \$439,101 in additional fiscal year 2015 capital budget authority is being sought by DADS for this project.
- In a letter dated January 23, 2015, DADS requested authority to transfer \$936,474 in All Funds capital budget authority from DADS capital budget item 2(b)(10), BIP-Level 1 Screening Tool, to item 2(b)(9), BIP-Secure Web Portal. This funding will be used to implement a "No Wrong Door" provider portal under BIP. Specifically, DADS would purchase Salesforce software licenses for testing and deployment of the portal, and for deliverables under the Texas Deliverables-Based Information Technology Services contract.
